

Peer Evaluation of Group Members' Performance

Your Name: _____

Division of Labor.

Please list the name of each group member, including yourself, and then list the tasks beside each name to indicate the division of labor for your project. If you all worked side by side on the whole project, then just say that. Otherwise, include the design, programming, documentation, discussion, debugging, testing, managing the group's efforts, writing reports,... tasks in your list of tasks.

1. _____

2. _____

3. _____

4. _____

5. _____

Your perspective of Individual Percentage of Group Effort.

Indicate the percent (out of 100%) of the project work, including all tasks above, that you believe each team member performed. For a team of 2 in which each person worked equally, each person would be assigned 50%.

Write any final comments about the group's interaction/productivity.
